A youth rally September 27 will be the first of several evening programs. The Rev. Fred Shilling, assistant director of Christian education of the Central Pennsylvania Synod, will address the young people on the topic, "Youth - Your Church Is for You." Following his message the program will include a religious hootenanny. Youth groups from other churches of Gettysburg have been invited to attend.

The Rev. Francis Reinberger of the Gettysburg seminary faculty will be guest speaker Tuesday evening at a community night program at 7:30 o'clock in the Sunday School chapel. Several guests will bring greetings.

BANQUET OCT. 1.

The anniversary banquet will be held Thursday, October 1, at 6:30 in the church dining hall. Ladies of the United Church of Christ will prepare the meal and a group of women from Christ Lutheran Church will serve the banquet. Both of these organizations were intimately related to St. James Church in its early history. The Lutheran congregation in the early decades of its life worshipped in the same building as the "Reformed" Church, conducting services on alternate Sundays. Christ Lutheran Church was organized by the original Lutheran congregation for the special purpose of caring for the needs of college and seminary students and faculties. Guest speaker at the banquet will be the Rev. Dr. A. R. Wentz, former president of the seminary.

The closing service for the Anniversary Week will be held Sunday, October 4, when the Rev. Dr. Dwight F. Putman, president of the Central Pennsylvania Synod, will be the guest preacher at both morning services. A luncheon for members and guests will be held at the church following the morning services.

The general committee in charge of arrangements for the anniversary are Mr. and Mrs. Lloyd Hartman, Mr. and Mrs. Kermit O. Deardoff, Mr. and Mrs. Richard B. Smith, Mr. and Mrs. Norman Storrick, Mrs. James Allison, Mrs. H. Wilbert Baker, Mr. and Mrs. Howard Waybright, Mrs. C. C. Culp, Mrs. M. O. Get \$4,903.38 For Welfare Services

State subsidies for Adams County child welfare services amounted to \$4,903.38 for the third quarter this year, according to an announcement by State Senator D. Elmer Hawbaker.

The allotment brings to \$12,609.38 the amount paid Adams County during the first three quarters of the current year. State-wide payments totaled \$870,476 to the 64 counties participating. In addition, counties which employ professional child care welfare staffs on a merit system basis also receive federal money to help pay for the program.

The 1963 legislature revised the law under which such payments are made to provide for advance quarterly payments based on approved estimates, and Adams County commissioners are now able to get the money when needed, instead of waiting several months after expenditure of the money, as was formerly done.

Ten Young Children Die As Fire Sweeps Through Farm House; One Escapes

KASOTA, Minn. (AP) - Ten children, "so scared they ran around in circles and didn't know what to do," died in a fire that swept through their farm home.

Another child, Joanne McConnell, 14, was the only occupant to escape the burning home Saturday night. She jumped from a second-story window and, barefoot and wearing only a nightgown, pedaled a mile on her bicycle to the nearest telephone.

Joanne and nine of the victims were children and stepchildren of Mr. and Mrs. Kenneth Bowdish. The other child killed was an orphan boy who lived with the family.

Bowdish is an unemployed auto mechanic.

Mr. and Mrs. Bowdish were not home when the fire broke out. They had driven to Minneapolis to pick up some appliances which friends had given them.

The victims were Daniel Bowdish, 3; Loretta Bowdish, 4; Lucretia Bowdish, 5; Kenneth Bowdish, 6; Linda McConnell, 9; Marvin McConnell, 10; Richard McConnell, 11; Mary McConnell, 13; Robert McConnell, 16, and Roger Brown, 15. The McConnell youngsters were Mrs. Bowdish's children by a previous marriage.

"It's no one's fault," the weeping mother told Joanne. "Just be thankful you got out. It was meant to happen, or it wouldn't have happened."

CHILDREN IN BED

Joanne said all the children except Robert were in bed when the blaze broke out.

Robert was in the basement, lighting the wood-fired furnace. "I heard a crack like a jar breaking or something," Joanne said. "I got up to find out what it was. Robert said there was a fire and to get the kids out. I tried to wake them up."

8 COVERED BRIDGES TO BE VISITED

Adams County can expect tourists during the week of September 19 to 27 to its covered bridges as well as the battlefield.

Governor William W. Scranton has designated that week as "See Pennsylvania's Covered Bridges Week," according to an announcement by the Travel Development Bureau of the Pennsylvania Department of Commerce.

The Theodore Burr Covered Bridge Society of Pennsylvania is promoting visitation to all of the 238 covered wooden bridges in the state, including the eight remaining in Adams County. The society, following its summer meeting at the Hickory Bridge Farm at Orrtanna, placed at least one covered bridge marker in the county at the road leading from the bridge at East Berlin to the Kuhn's fording bridge.

EIGHT IN COUNTY

Forty-two Pennsylvania counties have covered wooden bridges. Of the 57 covered bridges that are still part of the state highway system, five are in Adams County. The Sachs bridge at the Water Works is still part of the state system but is to be completely renovated and then will be turned over to Cumberland and Freedom Twp. for preservation, since the new road had been built from the Eisenhower farm to the south side of Marsh Creek, bypassing the water works.

The four other covered wooden bridges on the state system in Adams County, according to Highways Superintendent Charles N. Lightner, are the bridge on the Jack's Mountain Rd., west of Fairfield, the two within a quarter mile of each other on the road from Centennial to Conewago Chapel and the Swift Run bridge north of the Lincoln Highway and the Western Maryland Railway about two miles northwest of New Oxford.

County-owned covered wooden bridges are the Kuhn's fording bridge near East Berlin and the Mansberger bridge between York Springs and Aspers.

The other bridge is the Peepstons bridge which has already been turned over to the townships and county for preservation.

Ortiz had been up for sentence last month, but at that time was returned to jail to see if he could work out arrangements to return to Puerto Rico. This morning Sheriff Dawson Miller, in bringing the migrant laborer before the court, said every effort had been exhausted in an attempt to locate friends of Ortiz who might finance his return to his home, but without avail. Through a Spanish-speaking interpreter the court then learned that if Ortiz would be freed he would return to Connecticut where he had been employed before coming here. The court suspended sentence on condition Ortiz go to Connecticut and never return. He was told that if he comes back to Pennsylvania, he will be given a long sentence in jail.

Pope Paul Opens Third Vatican Council Today

By GERALD MILLER

VATICAN CITY (AP) — Pope Paul VI opened the third and possibly decisive session of the Vatican Ecumenical Council today and called on the bishops of the Roman Catholic Church to clarify their place in church government with regard to him.

The pontiff called this task of defining papal-bishop authority — an issue with overtones for Christian unity — the "weightiest and most delicate" task of the council.

He said it would complete the concept of papal primary elaborated at the last ecumenical council. He made clear that sharing of authority with the bishops did not mean a lessening of papal power.

MORE AUTHORITY

"As successors of Peter and therefore possessors of full power over the entire Church, we have the duty of heading the body of the episcopate," the Pope said. "Nevertheless our position in no way defrauds you, our brother bishops, of your due authority."

"On the contrary we are among the first to respect that sacred authority."

The Roman Catholic pontiff chose for the reopening ceremony in St. Peter's Basilica a concelebrated Mass — said by himself and 24 of the 2,500 council fathers here from around the world.

Voting will take place early in the session on one schema, or council topic, concerning the nature of the Church and one on the duties of bishops. They spell out a new emphasis on papal-episcopal cooperation in the over-all government of the Church.

Concelebrated Masses are rare. The fact that Pope Paul chose one to start the session that will decide the authority issue — called collegiality — was deemed significant. He has indicated in the past that he favors a wider role for bishops.

The council starts its daily working sessions Tuesday.

It still has 13 schemata to deal with. The greatest controversy is expected to focus on three or four of them.

PASTORAL DUTIES

The first of these, De Ecclesia, or on the nature of the Church, comes up Tuesday.

Vatican sources reported that the second topic to go before the session, on pastoral duties of bishops, contains a specific proposal for a council or synod of selected bishops to help the Pope.

Also due to come up for a vote is the schema on ecumenism, or Christian unity, with its two appendices — a declaration on the Jews and one on religious liberty.

The schema dealing with the Church's relationship with the modern world reportedly will be introduced toward the end of this session. This topic includes such problems as birth control, race relations, communism and nuclear weapons.

Council sources report there may be no vote on this schema this session, lending support to the belief that the work of the council will require still another session.

churches he has helped to organize in many parts of the country since his "retirement."

Rachel Gochenour, treasurer of Rock Chapel, reported a balance of \$1,402 in the chapel's memorial fund and said plans are being made to point the chapel's old stone walls and make other improvements. Upkeep during the last year cost \$70, she said. Memorial flowers in the church were identified as the gift of Margaret Wilson as a memorial to her father, Isaac Sadler, a former member of Rock Chapel.

Some of the former members attending the service identified themselves as members of the Linah family, whose forefathers had donated land for the cemetery beside the chapel.

The children all were upstairs, the girls in one room and the boys in another.

"They were so scared they just ran around in circles and didn't know what to do," Joanne said. "I opened all the windows."

TRAPPED UPSTAIRS

Robert came upstairs and told the children to flee. The fire flared into the stairway, and all the children were trapped upstairs.

"I jumped out the window and got on my bike," Joanne said.

Mr. Bowdish has borne 15 children. Her first five children, with the surname Pouchow, are grown and living away from home. Her second husband, Robert McConnell, was killed in World War II. The four youngest of her children were by Bowdish.

Mrs. Edward DeAtley, West Mankato, a sister of Mrs. Bowdish, said the cost of the funeral and burial plots had been donated.

"The Bowdishes had everything at that house," Mrs. DeAtley said. "They have nothing but the clothes on their backs."

JETS WALLOP DENVER 30-6; BUFFALO WINS

By MIKE RATHET

Associated Press Sports Writer
The American Football League has opened its fifth season with the emphasis on attendance and the spotlight on Buffalo.

The major development of the four-game program was the record crowd of 44,497 as the New York Jets made an artistic and financially successful debut in Shea Stadium by walloping Denver 30-6.

The turnout was more than twice as large as any other ever to see the Jets in New York, exceeded the crowds at all but two of the National League's seven openers and pulled the AFL to a record attendance of 118,412 for its opening program.

PATRIOTS EDGE OAKLAND

Elsewhere, Buffalo's Bills won an opener for the first time in their history by crushing Kansas City 34-17, the Boston Patriots edged Oakland 17-14 as Billy Cannon played a secondary role for the Raiders and the defending champion San Diego Chargers defeated the Houston Oilers 27-21.

The Jets got the job done early against the Broncos. Bill Baird intercepted a Jack Lee pass on the second play from scrimmage, returned 24 yards to the 26 and three plays later New York had a touchdown on Dick Wood's 16-yard touchdown toss to Gene Heeter.

When Jim Turner kicked the conversion for a 7-0 lead, only 3:04 had elapsed, but the Broncos already had too many points to make up.

72-YARD PASS

Bills' quarterback Jackie Kemp fired 17 and 10 yard scoring passes to Glenn Bass and hit El DeBunion with a six-yarder in the first quarter against the Chiefs while Tom Sestak ran an interception back 15 yards for a score and Pete Gogok kicked two field goals and four extra points.

The Patriots, defending Eastern champions but losers of all five exhibition games, moved ahead to stay in the second half when Babe Parilli hit Tony Romeo with a 19-yard touchdown pass and shot a 72-yarder to Art Graham. Gino Cappelletti's 48-yard field goal provided the winning points.

Oakland's Clem Daniels, the league rushing champion, was held to minus one-yard in 14 tries by the rugged Patriot defense.

Houston quarterback George Blanda completed 29 passes — 13 to rookie Sid Blanks, who tied the league record for receptions. Blanks gained 131 yards on the passes and added another 53 yards rushing.

Attempt

(Continued from Page 1)

Dinh Diem was overthrown last Nov. 1, and Khanh took power Jan. 30 from Gen. Duong Van Minh, leader of the anti-Diem uprising. Khanh was nearly driven from office in August, and early September by three weeks of violent Buddhist and student-led demonstrations against the government.

The new attempt to seize power was led by army generals blacklisted by the Buddhists, to whom Khanh had made concessions in an effort to unify the nation. The coup collapsed primarily because most of the units involved were unwilling to fight and because 33-year-old Gen. Ky staunchly refused to surrender the Saigon airport to the rebels.

The rebels moved into Saigon early Sunday led by Brig. Gen. Lam Van Phat, a Roman Catholic who was fired as interior minister by Khanh under Buddhist pressure last week. Later, Brig. Gen. Duong Van Duc, commander of the Vietnamese army's IV Corps, appeared to take charge of the rebellion.

ONE HUNDRED YEARS AGO

We are glad to learn that Hon. Edward McPherson, of this place, has been appointed a member of the United States Committee in place of D. A. Buehler, Esq., the latter having declined in consequence of other engagements. Mr. McPherson has also been assigned a position on the Executive Committee, where his services will be found invaluable. He is in for the campaign and will do yeoman's service in the great cause.

A Lincoln and Johnson Club was formed on Saturday night with the following officers: President, Robert G. McCreary; vice president, Hon. Joel H. Danner, Hon. James Wilson, Geo. Arnold, George Recording secretary, Robert A. Lytle; corresponding secretary, Dr. Charles Horner; treasurer, Col. John H. McClellan; executive committee, R. G. McCreary, A. J. Cover, H. B. Woods, Hiram Warren, James M. Rouzer, John L. Holtzworth, Charles H. Stallsmith. The regular meeting will be held on Friday evening of each week.

Hon. Thaddeus Stevens has been renominated for Congress by the Union men of Lancaster county. Of course there is nothing surprising in this renewal of confidence. In congress, Mr. Stevens gives to his district an importance equal to that enjoyed by many States, from the representation of their delegates in both branches of that body; and hence, while the veteran statesman lives and is willing to forego his own repose and personal interests to occupy a seat in Congress the people of Lancaster county will, of course, insist upon his distinguished services. We do not believe that there is a pure Union man or a clean "Democrat" in his district who will vote against Mr. Stevens at the October election. Mr. Stevens paid our town a short visit a day or two ago. He is looking very well, considering the arduous labors he has gone through in Congress, as the chairman of the leading Committee of the House of Representatives. A large meeting was hastily got up on Saturday evening with the view of once more hearing the voice of this talented statesman and former townsman. But he had retired, feeling somewhat indisposed and the assembled Union men were disappointed, much to their regret.

THE ART OF ADJUSTMENT

The history of every human life indeed of every nation, is that of adjusting itself to constantly changing circumstances and conditions. Now, more than at any other time in human history, are we called upon to adjust our lives.

Those soldiers who return to their homes after having been engaged in "hot" or "cold" wars will look upon the world they left behind, with different eyes. It won't look the same as it did before they left. They will have brought back with them a new world. A period of adjustment will be needed.

For years nations of the world will be called upon to make adjustments. And it will take all the art, patience and self-control that our great leaders have to bring about justice and sanity in the world. For one thing, hate must be buried forever. Nothing was ever settled with it, or by it. Intolerance must be uprooted.

Both nations and individuals are periodically acquainted with many a defeat, and after each one there have to come adjustments. And these become the test of character in each case. Nothing is ever gained by nurturing bitterness or regret. It is essential to take the high road back after traveling the low road, else no new perspective is ever gained. And it's this new perspective that must be secured.

When sorrow and disappointment come, a great cloud of despair seems to settle about one, but this cloud in time passes, as all things pass. Hope is eternal. With faith, courage and patience nourishing one's mind and heart, this cloud gradually breaks away, leaving the former blue sky, with the gold of the sun bringing warmth and assurance to the broken and bereaved. Belief in the goodness and wisdom of God adjusts all things both great and small. This thing of adjustment comes to us all. In our daily lives at home, in our offices, and in all the affairs of our lives, it comes as a challenge. Meeting it without fear, we experience the thrill of the triumphant life.

EBAUGH RITES HELD

few weeks.

Pennsylvania Day: The crowd was so intense, the dedicatory exercises so numerous and the weather so horrible that we know not where to begin a notice of the greatest days Gettysburg has ever seen since the field historic. Monday the crowd commenced to come in earnest and all day Tuesday and Wednesday both railroads were tested to their fullest capacity in bringing veterans as well as men, women and children. The tents on East Cemetery Hill and other portions of the field were packed, every available room in public and private houses in town and immediate neighborhood, the Court House and Rink were all full Tuesday and Wednesday nights, and some occupied quarters in the public streets. Gettysburg was never so crowded with people and we trust it will never be so again. Wednesday was devoted to regimental dedications and on all portions of the field exercises were held at regimental monuments, forty-six of which were dedicated. A northeast storm prevailed in the afternoon which made the roads and fields almost impassable. In the evening Gov. Beaver held a reception at the Springs Hotel. Thursday morning Gen. Gregg determined that it would be cruel to ask the veteran soldiery to turn out in the cold rain and directed the parade to be abandoned. Col. Nicholson directed that the exercises be held in the Rink but many people remained away, fearing it would be crowded. As soon as the order became known that there would be no parade there was a rush for the trains and the railroad companies had their hands full speeding the parting guests.

SERVE-SELF LIFE
The serve-self restaurant I viewed
With all its bright array of food
And watched the diners as they made
Their choices of the meats displayed.

The master of the place stood by,
A kindly twinkle in his eye,
But neither by a word nor look
He questioned what his patrons took.

The boards were spread; each no. he guest
Selected what he fancied best,
And on his tray a check was tossed
Precisely totaling the cost.

Some looked about and wished
Too late
For what was on another's plate;
But were the portions large or small
No diner there could take them all.

Life is a serve-self restaurant
Piled high with joys that mortals want,
And each who comes to earth
May choose
What he will take and what
He will refuse.

We pass along from day to day
Viewing life's glittering display
And at the end the cost is paid
According to the choice we've made.

It is requested that canned goods and produce should be brought to the church on Saturday, September 26, so it can be arranged in the church.

Volunteer help was asked to paint the exterior of the parsonage. Helpers are requested to sign the sheet on one of the church bulletin boards.

The following parish calendar was announced: Tuesday, 7:45 p.m., meeting of the social ministry committee at the church. Wednesday, 7:30 p.m., the motion picture "The Gift" will be shown to all the Sunday School staff, committee chairmen, officers, choir and council. The Junior Choir will rehearse on Thursday at 6:15 p.m. and Senior Choir rehearsal will follow at 7 p.m. The first fall meeting of the Junior High Luther League will be held next Sunday at 6:30 p.m. The Senior Luther League will meet on September 27 at 6:30 p.m.

The Rev. Graham T. Rinehart, pastor, delivered a sermon on the subject "R.S.V.P." at the worship service on Sunday in St. Paul's Church. He read the Scriptures from Job, Ephesians and Luke. Bermudian Puts Up Fine Battle Before Yielding To Northern Squad 19-0

A lack of depth and two big defensive mistakes were the only differences between a win or loss for Coach Tom Shreiner's Bermudian Springs High School football team as the Eagles dropped their opening contest of the year to Northern Joint, 19-0 Saturday afternoon on the Bermudian field.

Approximately 1,700 fans witnessed the opening contest of the year for both squads. Saturday also marked the first game ever played on the new Bermudian gridiron which is located directly behind the school.

Shreiner was forced to go without his ace backfield co-captain, Reid McCauslin. He also used but 15 players during the contest, being unable to sufficiently relieve many of the posts. Despite this lack of manpower, the Eagle forward wall turned in a job which could match that of any in the area. As a result, Northern tutor John Estright was forced to go the distance with his 16 best athletes. When McCauslin and a few other injured players return, Bermudian's opponents will have to be on their guard constantly.

FINE PERFORMANCE

Shreiner got an exceptionally fine performance out of Freshman halfback Jack Cashman. Jack matched his brother, Tom, a Junior, yard for yard throughout the afternoon. The two Cashmans accounted for most of the Eagles' 100 net yards rushing. Co-captain Bill Hinkle was switched from end to fullback at the last minute and despite the quick change, gave Shreiner another fine choice for the backfield post. Hinkle did an outstanding job offensively and defensively.

Bermudian took the opening kickoff and marched from their own 11 to the Northern 42 on three first downs. However, the offense stalled. Polar Bear halfback Larry Flair intercepted a pass and streaked 15 yards to the B. mudian 47. Both teams put on a grueling see-saw fight over the 50-yard marker throughout the first quarter which ended scoreless.

In the late moments of the first stanza, Northern gained possession on their 18 following an Eagle punt. The Polar Bears then marched the 82 yards on 15 plays for the first score early in the second period. Flair capped the drive with a two-yard punge off right tackle. Gerry Fleming booted the placement and the visitors led 7-0.

56-YARD TD PASS

The big Bears came back minutes later to make it 13-0. Guard Tom Harbold took the kickoff and streaked 17 yards to the Northern 42, but Bermudian was unable to move the ball and gave up possession on the visitors' 49. Quarterback Carlos Rosenberger, following a five-yard penalty, faded back and uncorked a long pass to Flair which wound up as a 56-yard TD throw. The aerial was the only one of four completed by the visitors. Fleming's attempted point was wide to the right.

Bermudian again moved the ball well and advanced to the Northern 26 before giving up the possession on downs. The half ended with the Polar Bears leading 13-0.

Bermudian put on another fine defensive showing in the third quarter by holding the invaders scoreless. In fact Northern had only one first down throughout most of the second half until the last two minutes when it put on a scoring drive and rolled up three, including the score. Three-fourths of the second half was played in Bear territory. The Bermudian defense was at its best but the offense failed to move.

Northern scored again last in the contest when Ed Danner bounced four yards through the middle to cap a 29-yard, five-play drive. The score was set up when Danner intercepted a Tanger pass on the Northern 26 and brought the ball back 45 yards to the

RECORDS FALL AT OLYMPIC TEAM TRIALS

By BOB MYERS
Associated Press Sports Writer
LOS ANGELES (AP) — This country's track and field athletes broke two world records, equalled another, matched an American mark, bettered the Olympic record in nine events and — as expected — stamped the United States team to the top in Tokyo.

These were some of the highlights of the two-day final trials which ended Sunday in Memorial Coliseum before a crowd of 12,000.

Rex Cawley bettered the world mark in the 400-meter hurdles with 49.1, and Saturday Ralph Boston broke the listed record of 27 feet 3/4 inches by Russia's Igor Ter-Ovanesyan with a leap of 27 feet 4 1/4 inches.

O'HARA BEATEN

Boston also had a leap of 27-10 1/4 but it was wind-aided. Sprinter Bob Hayes, back in winning form after nursing a leg injury, equalled the American 100-meter mark at 10.1, and 30-year-old Mike Larrabee, a California school teacher, matched the world standard of 14.9 in the 400 meters.

Young Gerry Lindgren of Spokane, Wash., running the 10,000 9kio s for only the third time in his life, defeated America's best in the fastest time by an American this year, 29:02.0.

The 1,500-meter battle of sub 4-minute milers Sunday was won by Oregon's Dyrrol Burleson in 3:41.2 as he defeated Chicago's Tom O'Hara for the ninth time in their 10-race series.

The existing Olympic records bettered were in 100, 200 and 400-meter dashes, the 400-meter hurdles, shot, discus and hammer, pole vault and broad jump.

PITT UPSET BY UCLA IN '64 OPENER

By HUGH FULLERTON, JR.

Associated Press Sports Writer

College football had its first upset almost before the 1964 season began — the UCLA victory over Pitt, 17-12, last Saturday. You can expect more of the same next weekend when almost everybody gets into the act. That is if anything can be called an upset at this stage.

There's a note of uncertainty in the preparations almost everywhere in this year of returning platoons and even the big teams that have been awarded the top places in the pre-season ratings aren't exempt.

Coaches who recruited players a couple of years ago with the idea they'd have to play both offense and defense now are trying to get set with two of three line-ups to operate effectively under 1964 rules. Anything could happen.

FIRST TV GAME

The sports writers and broadcasters composing The Associated Press football panel voted the top places to Mississippi and Oklahoma in the annual pre-season poll. It was a close vote for first with Illinois, Texas, Ohio State, Alabama, Washington, Auburn, Syracuse and Navy trailing along to complete the top ten.

Eight of these teams swing into action Saturday and it would hardly be a stunning surprise if half of them were beaten. Illinois and Ohio State are safe because they don't play until a week later.

The UCLA-Pitt game, scheduled early to give the national television audience a preview of what's to come, proved a good indicator. Pitt was favored mostly because of last year's No. 4 rating and a fine quarterback, Fred Mazurek. But the UCLA quarterback, Larry Zeno, got more help, more points and more headlines than Mazurek.

In other games on last Saturday's brief program Houston tuned up for its coming contest with Auburn by stomping Trinity of Texas 34-7; Furman, a Southern Conference member, barely got past Mississippi College 13-10 and East Carolina, a new Southern member, whipped Catawba 25-0.

SADAIR WINS AT ARLINGTON

By ORLO ROBERTSON

Associated Press Sports Writer

A pair of 2-year-olds, one a filly and the other a colt, moved into title contention with gold-laden victories and little Roman Brother sent his owner to the bank with another big payoff.

These were the top developments of last Saturday's horse racing program as Sadair for Mrs. B. Hecht's North Forty Stable won the \$349,925 Arlington-Washington Futurity at Arlington Park. Darby Dan's Candalaria captured the \$102,470 Matron at Aqueduct and Roman Brother accounted for the \$144,820 New Hampshire Sweepstakes at Rockingham Park.

IMPRESSIVE RECORD

The triumph of Sadair, a \$10,000 yearling purchase, in the world's richest race gave the son of Petare-Blue Missy a record of five victories, three of them stakes, and two seconds in eight starts. He earned \$134,925 to boost his bank account to \$198,304 after beating pacesetter Umbrella Fella by two lengths.

The ride was a rich one for Jockey Bill Shoemaker who was named to replace Milo Valenzuela after his scheduled mount, I'm Nashville, was not entered. On the basis of the usual jockey fee of 10 per cent of the winner's purse, Shoe picked up \$13,942.

As second choice to the entry of Umbrella Fella and Royal Gunner, Sadair paid \$7.40. The time for the seven furlongs was 1:23 2-5, two seconds off the track record.

SET TRACK RECORD

In posting her fifth triumph, including three stakes, in eight outings, favored Candalaria earned \$63,680.50 with \$6,368 going to Jockey Bobby Usser. She paid \$3.30.

Roman Brother, registering his fifth victory, all in stakes in 18 starts this year, staged a mighty stretch surge for a one-half length triumph over Knightly Manner in the \$144,820 New Hampshire Sweepstakes.

The ride, made in track record time of 1:55 4-5 for 1 1/4 miles, gave jockey Fernando Alvarez a \$9,413 pay day as Roman Brother earned \$94,133 for Louis Wolfson's Harbor View Farm. It also boosted the little colt's bank account for the year to \$398,675.

Packers, Eagles And Vikings In Big Wins

By DICK COUCH

Associated Press Sports Writer
Green Bay's new spread formation may have confused Paul Hornung, but he got a big kick out of it — and so did the Packers.

The Packers, who wrecked the Chicago Bears 23-12 Sunday in a significant National Football League season opener for both clubs, pulled a rabbit out of the NFL rule book in the process.

With time running out in the first half, Chicago punted to the Packers and Elijah Pitts called for a fair catch at his own 48-yard line. Green Bay coach Vince Lombardi then invoked NFL Rule 3, Section 11, Article

2, which permits a team, after making a fair catch, to attempt a free kick with no interference from the defending team.

EAGLES FIRED UP

The Philadelphia Eagles tried the same play in their opener against the New York Giants but Sam Baker missed a 47-yarder as time ran out in the first half.

It was about the only miss for the fired-up Eagles. They buried the defending Eastern Division champs 38-7 behind a blitzing defense that completely throttled Y.A. Tittle's passing attack and a balanced offense directed by newcomer Norman Snead.

Minnesota surprised Baltimore 34-24; Cleveland whipped Washington 27-13; Detroit topped San Francisco 26-17 and Los Angeles upended Pittsburgh 26-14 in Sunday's other openers.

The St. Louis Cardinals jumped the gun Saturday night with a 16-6 victory over Dallas.

But today there are three sophomores who may hold the key to the 1964 football fortunes of the Penn State Nittany Lions.

They are only untested names now—Tim Montgomery of Kae Drove Rowe of Woodbury, N.J., and Gerry Sanker of Altoona—but they figure big in the plans of coach Rip Engle as the Lions move into their final week of practice before the 1964 opener against Navy next Saturday.

Montgomery and Rowe were two of the most impressive rookies in the State training camp this year. But the big surprise was Sanker who wasn't even listed in the 1964 Penn State football brochure.

Sanker was sidelined by a head injury as a freshman and few expected him to return. But back he came and someone saw him kick.

SOPHS TO WATCH

Now he's the heir apparent to Ron Coates as the number one extra point and field goal man. Coates, who gave up football in favor of an accelerated academic schedule, converted 18 of 19 extra points last year and booted five field goals, two of them winning games.

Penn State observers report Sanker has the same range as Coates, good from anywhere within 30 to 35 yards.

Meanwhile, Montgomery and Rowe join John Rannels, 205-pound guard from Scotch Plains, N.J., and halfback Mike Irwin, a freckle-faced red-head from Altoona, as the other sophomores to watch.

LONG AND SHORT OF IT

Montgomery, called "Lobo" because of his home in the Lobo wolf country, is the smallest player on the team at 5-10 and 175 pounds, but already has nailed down the starting wing-back spot.

Engle compares Montgomery to Junior Powell who set a school record for pass receptions with 65 in three seasons.

On the opposite end of the stick is Rowe, the 6-6, 265 giant who Engle figures to use mostly on defense "plugging up holes" and in spot emergencies.

Rowe comes from the same home town as former Penn State quarterback Milt Plum, now with the Detroit Lions in the National Football League.

PHILS BEAT GIANTS IN 10

SAN FRANCISCO (AP) — "I knew I was going to get it," said Phillies outfielder Alex Johnson speaking of Jim Hart's shot at left field Sunday that came within a few feet of clearing the fence for what would have been a home run.

Hart's ninth inning blow was driven into a stiff wind, which held the ball up and kept it from sailing out for what would have been the winning run. Given a reprieve the Phillies rebounded in the top of the 10th for two runs and a 3-1 National League victory.

Phillies manager Gene Mauch said he first thought Hart's hit was out, too. "My first reaction when it started out was 'yes, that's it.' Then I remembered Johnson's ball," said Mauch thinking of the rookie's long drive to left for a putout in the sixth inning.

WIN IN 10TH

San Francisco manager Alvin Dark, Hart and others said they thought it might be out. But winning pitcher Jim Bunning pitched said he knew it wasn't. "I knew it was hit well, but not that well," said Bunning.

In the Phillies' 10th, Tony Taylor led off with a double and came home on Johnny Callison's single to break the tie. Then Richie Allen followed with a two-run home run to boost the Phillies' margin to 3-1.

TONY LEMA IS AKRON WINNER

By JOE MOOSHIL

Associated Press Sports Writer

AKRON, Ohio (AP) — Champagne Tony Lema sipped his favorite drink, stuffed a \$50,000 check in his pocket — thankful for the breaks which helped him capture the World Series of Golf Sunday.

The British Open champion struck a tree on one shot only to have the ball carom 100 yards farther down the middle of the fairway, and used a blacktop walk as a guide to an important par on No. 9. He boosted his lead over his nearest rival, U.S. Open champion Ken Venturi.

Going into the final round, Lema trailed Venturi by one stroke. Masters champion Arnold Palmer and PGA winner Bobby Nichols were never in the running as Lema fired a 34-34—68 for a 138 total and Venturi blew to a 36-36—74 and 143.

Nichols had a 36-34—70 Sunday for a 147 and Palmer, the pre-tournament favorite, had a pair of 74s to finish last with 148.

Venturi's share of the \$75,000 purse was \$15,000 while Nichols and Palmer pocketed \$5,000 each from a swag which does not count in official earnings.

G-BURG SHINES IN "WIN" AT SHIPPENSBURG

Four touchdown passes by Jim Ward paced the Gettysburg College football team to a 31-12 "win" over Shippensburg State, Saturday afternoon on the state field in a scrimmage battle.

Ward, a junior from Gaithersburg, Md., started things off by hitting Pete Wolynec with a 60-yarder and the initial TD. Wolynec started at the right flanker post in place of the slightly injured Dale Boyd and Tom McCracken. Boyd tallied twice. Don Enders, senior quarterback, scored the last touchdown on a two-yard sneak. Enders also converted the only placement.

Shippensburg also used the air lanes to score both of its TDs. Steve Ecker, son of former Bulle star "Bud" Ecker, now at Bowling Springs, tossed aerials of 15 and 31 yards for scores. Also performing well for the Red Raiders was Frank Basehoar, former Littlestown High School ace guard.

SOPHS LOOK GOOD

Sophomores Jack Costner, Bill Brewer and Dick Masin were praised by the coaching staff for their fine performances in the scrimmage. Costner and Brewer are being groomed to move in with Hallam on defense. Masin could easily step into a starting end post. One of his glowing jobs on Saturday was running a pair of fine end arounds, one going for 45 yards.

Line coaches Gene Hummel and Ray Reider were a little disappointed with the hitting of the line. They said, "we hit harder during the week against ourselves than we did against Shippensburg. We're going to have to be a lot tougher when the season gets underway." Backfield coach Howie Shoemaker said, "I was extremely pleased with our running game. I feel now that we will be able to present a respectable running game, much better than last year."

Head coach Gene Haas was well pleased with the overall performance of his squad. He said in the past that this squad will be one of the best teams Gettysburg has had in recent years. Following the scrimmage he is certain of this fact.

Bad Weather, Profiteering, Fumbling Mean Misery For India's Millions

By CONRAD FINK
BAGHOLA, India (AP) — Chater Sing thought for a moment. Then, in a voice heavy with worry, he delivered his opinion.

"It's the worst in my memory," he said. "We have half stomachs. Two meals now are one."

Thus the 70-year-old villager, knowing nothing of politics or economics, described the food crisis sweeping India.

WORSE ELSEWHERE

Even here in the Punjab, the relatively well-off agricultural section of northwest India, people seldom are more than half full after meals. Things are much worse in other areas.

For Chater Sing and millions of other Indians are trapped by a deadly combination of bad weather, government fumbling, profiteering by greedy grain dealers and the nation's basic problem — population explosion that outstrips farm production.

America's aid program in India, which has pumped in about \$5.6 billion since 1951, has helped ward off disaster. Wheat shipments from the Midwest, soon to total 600,000 tons a month, are the difference between life and death for hundreds of thousands.

BENGAL FAMINE

Few deaths have been attributed officially to starvation. There has been no repetition of the Bengal famine of 1943 when millions died.

But the eight members of Chater Sing's family subsist for days at a stretch on boiled barley broth. American wheat has gone to harder hit areas and there have been no vegetables, milk or butter, the mainstays of their diet, for a long time.

"My grandchildren don't have enough to eat," he says sadly. In India this is an admission that hurts deeply and many families in Baghola are on strict self-imposed rationing to provide food for youngsters.

Children get first preference, pregnant women are next, working men follow. Grandparents get what's left.

RESIGNED TO FATE

As a result, apathy, a resigna-

tion to fate, has seized many in Baghola.

"It's all decided by God," Chater Sing says. As for the government, "Things are bound to be better for they are making an honest attempt."

Neither Sing nor his neighbors would eat any of their many cows and buffaloes that range across the countryside, stripping it of everything green.

ANIMAL LIFE SACRED

Animal life is sacred to orthodox Hindus like Chater Sing and this reverence for life means that birds, monkeys, rats and cattle annually munch unmolested through an estimated 10 million tons of food grain.

A reporter pointed out to farmers in Prithila village that pigeons and sparrows were eating rapidly through a bin of drying grain. Why not shoot them away?

"Where else will they go?" asked Chuni Lal. "They are our neighbors."

POPULATION SOARS

Stymied by such thinking and farmers who hold to traditional ways, the government has little success in increasing agricultural production. Food grain output in the last three years stagnated at 80 million tons annually. But in that time, the population soared 30 million to 465 million.

Transportation foulups leave American wheat on board ships in Bombay harbor. Government bureaucracy, wrapped in red tape, is often unable to get the grain to affected areas.

The poor don't eat fruit anymore because much is being shipped to the Soviet Union.

Prices have zoomed. In New Delhi, some foods sell for three or four times the price of a few months ago. Sugar often can be bought only on the black market. Flour is scarce.

GOVERNMENT LOANS

In Punjab, farmers are getting government loans to buy cattle fodder, for if oxen and buffalo die, farmers won't be able to till their land when flood waters, now covering immense sections of northern India, recede.

But loans often drive penniless farmers deeper into the

clutches of moneylenders, a curse of Asia.

Loan terms are 5.5 per cent, with six months to pay. Not many farmers will be able to repay in time.

Communist-led demonstrators have shaken the government in cities throughout India but there are few predictions of farmer uprisings in Punjab.

MUST PRODUCE RESULTS

It is clear, however, that Prime Minister Lal Bahadur Shastri's political future depends on solving the food crisis. His beloved predecessor, Prime Minister Nehru, held India — hungry or well-fed — spellbound for years with oratory and personality.

Shastri, little known and governing with none of Nehru's personal power or personality, must produce results. He must solve the immense problems Nehru left behind.

BEGIN MEDICAL STUDIES EARLY

PHILADELPHIA (AP)—For the first time in 40 years Jefferson Medical College has teenage students. Twenty-six of them, mostly 18-year-olds registered Thursday.

Today they will report to the Daniel Baugh Institute of Anatomy for their first classes. All 25 were graduated from high school last year, and are leaving their college and medical school studies together in a plan designed to compress eight years of work into five.

Getting into medical school at 18 isn't easy. It required that the 26 forego their summer vacations last year, going immediately to Pennsylvania State University upon leaving high school.

There was no vacation for them this summer, either. Since June, 1933, the 25 have completed five three-month segments of college work, and they will go back next summer for another. The rest of their college courses will be added to their schedule at Jefferson.

James MARLOW Reports

By The Associated Press

WASHINGTON (AP) — Gen. Maxwell D. Taylor, trailing a cloud of optimism behind him, has gone back to his job in South Viet Nam as U.S. ambassador. But, as usual, the picture of Viet Nam is still foggy.

If it had not been for the overwhelming interest in this country in the Johnson-Goldwater political campaign, the chaos in Viet Nam now would have a sharper hold on the American consciousness.

With the trouble and turmoil bubbling through the Southeast Asian country, which the United States has been trying for eight years to save from Communist take-over, Taylor came home for four days to report on the problem.

ALMOST PAR

He talked with President Johnson and with congressmen, reportedly departing with confidence in "eventual victory." This is almost par for the course.

Defense Secretary Robert S. McNamara, during the Kennedy administration, made a number of trips to Viet Nam and returned from almost all of them optimistic although the fight against communism definitely was not being won.

Taylor had succeeded Henry Cabot Lodge as ambassador. Lodge resigned this summer to take part in Republican politics after a year in Saigon. During his stay there one mess piled on top of another.

"ON RIGHT TRACK"

Nevertheless, he came home saying Viet Nam was "on the right track."

Even Johnson, when he was vice president, visited Viet Nam, shook hands all around, and was so impressed by President Ngo Dinh Diem that he compared him with Sir Winston Churchill.

It was hardly an apt comparison for the Vietnamese got so fed up with Diem's dictatorship that he was killed in a military coup which put an officers' junta in control. That was last November, while Lodge was still there.

STILL OPTIMISTIC

Then in January the junta was tossed out in another coup by Maj. Gen. Nguyen Khanh who became boss and then a few weeks ago was forced out in an uprising, led by students. He, too, had the dictatorship tag placed on him.

Buddhists and Catholics fought each other, although the Communist guerrillas were breathing ever harder down the necks of all of them. There was developing chaos. Finally Khanh came back in charge again.

And that's where the situation stands now, with Taylor optimistic.

WORST UPHEAVALS

The upheavals of the past few weeks were the worst in the eight years that the United States has been giving the South Vietnamese military and economic aid to stand off the Red guerrillas from the north.

And this week a Saigon newspaper, the Buddhists' leading publication, accused Americans of triggering the bloody and sometimes fatal clashes between them and Catholics.

And a clandestine radio of the Red guerrillas was calling on the South Vietnamese — sol-

diers and civilians — to drive out the Americans.

PLAN HUGE PRESSURE

Taylor returned to his job in Saigon with Johnson administration approval for a political-military buildup to put huge pressure on the guerrillas and further U.S. persuasion to promote a strong central government and for a revised economic program.

This was no basic change in American policy although if more emphasis had been put on the economic help years ago — to give Vietnamese more reason for opposing communism — they might have been less indifferent to it and the story at this moment might truly give more reason for optimism.

IT'S GETTING WORSE

It's possible that under this generalized picture of American help the decision may have been made for a truly tougher strategy against the Reds. But that remains to be seen.

Instead of getting better, the picture in Viet Nam has steadily been getting worse.

Home Economist Visits Bay Area Of California

MRS. HELEN D. TUNISON
Extension Home Economist
"Only way to go is by jet," many people told me before we left for Napa, Calif., via jet from the New Dulles Airport to San Francisco.

MRS. TUNISON

The trip was comfortable and exciting. The view of the profile of the great bay and the beautiful country we inhabit was breath-taking. As a source of design for stitchery and hooking it was endless and ever changing.

The parched San Francisco Bay area is a startling contrast to our green county. As a home economist in a fine agricultural county I was interested in observing the people, food, clothing, housing, and farming in the Bay area. People in Napa County are alarmed by the pressure of expanding population into the best farming areas and also competition for that essential resource — water. Planning for the future seems essential or string settlements and "reclamation" results.

COLORFUL CITY
San Francisco is a colorful cosmopolitan city, comparable to the great cities in the Eastern seaboard, but with a difference. Possibly the difference is in its closeness to the Orient and the effect of the Oriental culture.

The food in San Francisco was superb. We ate at a restaurant at Fisherman's Wharf and enjoyed fish from the local

area. The women shopping in San Francisco were dressed tastefully and attractively in fashionable fall clothing. The crisp clear cool weather called for suits, double-knits, coat and dress ensembles. Hats, gloves, and small furs were also worn. In contrast, Berkeley and Napa women were casually garbed in sportswear.

The Japanese Tea Garden and the De Young Museum in the San Francisco Bay Park were reminiscent of Philadelphia's Fairmount Park. Beautiful scenic drives gave glimpses of the beautiful renowned Golden Gate Bridge.

Napa County, where we concentrated our time, is a prime agricultural county with about 20,000 more people than Adams County. It's agriculture includes fruit, livestock and dairy farming. The fruit is the grape for the famous wineries. Other fruit grown are prunes, walnuts and pears. Protecting this farmland from encroachment by developments is a concern.

My visits to the Napa County Extension Office netted me a few ideas and a fine collection of their publications. Three that are distinctive are "Golden Fruits from the Golden State" on orange and citrus fruit use, and "Cooking With a Napa County Wine" by the Home Economics. Another is "Farmers in Napa County by the County Agent." The latter gives a complete picture of the county in relation to the newcomer in farming. Each county could well take the time to prepare such a publication for distribution.

SALT LAKE CITY, Utah (AP) — David O. McKay, 91-year-old leader of the world's Mormons, is continuing to recover from the heart attack he suffered Aug. 19.

A son, attorney David L. McKay, visited his father Sunday and said "he looked fine and was walking stronger than ever."

McKay has been at his Salt Lake City home since he was released from the hospital Sept. 4. He is president of the Church of Jesus Christ of Latter-day Saints.

A Lovelier You

By MARY SUE MILLER
KITCHEN COSMETICS. A lovely writes: I have two problems. My skin is scuffed and grainy—like a baby lizard. My budget for creams is nil. Working outdoor as a camp counselor

all summer caused the skin trouble. College expenses explain the rest. Can you suggest a real low-cost treatment?

The Answer: There's a very good do-it-yourself remedy for dry, flaking skin. You can find most of the ingredients in the family kitchen or at the nearest supermarket. The procedure is this:

1. Lather the face with mild toilet soap. Then pat on about a teaspoon of fine dry cornmeal and gently massage the skin. Rinse thoroughly with cool water. Repeat twice weekly until all flake is removed. Don't overdo, or the skin may come to feel tender.

2. After a meal massage, and always at bedtime, smooth on a few drops of safflower oil (cooking variety).

3. On arising wash, rinse with cool water and pat dry. Next mix one tablespoon of white vinegar and one of cold water in a glass; pat with an absorbent cotton wad. This helps to keep the skin's acid balance in normal condition and a normal balance is vital to the recovery of dry skin.

4. Whether or not you use powder base, wear a film of moisture cream or lotion next to the skin during the day. You will have to resort to a cosmetic counter for the product. Glycerine-and-rose water is effective and budget-minded.

DISCHARGED OFFICIAL HAD WON '62 AWARD

WASHINGTON (AP) — A senior Pentagon official, fired last month after a probe of alleged irregularities in the handling of certain funds, was honored in 1962 with the Defense Department's "Distinguished Civilian Service Award."

Department files showed today that William H. Godel was given the highest honor conferred on defense employees, along with a citation lauding his "perceptive and imaginative contribution to a wide range of defense programs, and his selfless devotion to public service."

Godel, a Marine intelligence officer in World War II and a Pentagon employee for 12 years, was deputy director of the Advanced Research Projects Agency until he was removed from that \$20,000-a-year post on Aug. 24.

The Pentagon said last week that Godel had been fired after being "served with a notice of suspension and removal" in July "on the basis of information developed through the initial investigation by the Department of Defense." He has appealed his firing.

No details of the alleged irregularities, or any amounts involved, have been disclosed.

Corrects Position To Take Pictures

WASHINGTON (AP) — The Syncom 3 communications satellite has completed the last of nine corrective maneuvers and is now in position to relay television coverage of the Olympic Games next month from Japan to the United States.

The National Aeronautics and Space Administration said Saturday that as a result of the maneuvers the satellite appears to hang motionless over the equator and the International Date Line.

Television signals from Japan will be beamed to the satellite, which will relay them to Point Mugu, Calif., for transmission across the country.

The satellite was launched Aug. 19 from Cape Kennedy, Fla.

BARRY DAY NOTED

PHILADELPHIA (AP) — The city and state observed Commodore John Barry Day on Sunday, honoring America's first naval hero who organized the Continental fleet in 1775 at the start of the American Revolution.

Mayor James H. J. Tate said in an Independence Hall speech that Barry, an immigrant from Ireland, had "fought gallantly for freedom (and) we must rededicate ourselves to continuing the fight against tyranny—tyranny in any shape or any form."

ST. LOUIS, Mo. (AP) — Arthur K. Atkinson, 72, former board chairman of the Wabash Railroad, died Sunday. He retired in 1960 after devoting 51 years to the railroad industry, but continued as a director of the Wabash and several other railroads.

JOHNSONS AND FRIENDS GO TO N. Y. CHURCH

WASHINGTON (AP) — President and Mrs. Johnson took some weekend guests from Texas to church Sunday at the New York Avenue Presbyterian church — known as the "Lincoln Church."

One of the guests, Robert M. Jackson, editor of the Call-Times Newspapers of Corpus Christi, Tex., roomed with Johnson when they first came to Washington 30 years ago. Jackson used to attend services at the church with their third roommate — Arthur Perry.

Perry, a longtime member of Johnson's staff, joined the presidential party at the church, which got its name from its close association with President Abraham Lincoln.

The Johnsons and Jackson were accompanied by Mrs. Jackson and their son, Robert M. III, a Harvard graduate student.

In their bachelor days, Johnson, Jackson and Perry shared an apartment in the basement of a Washington hotel. Johnson was then a congressional secretary and Jackson was a reporter for The Associated Press.

collect, epistle and Gospel for the day," he also believes in trying "to make our theology as relevant as we can."

KEY TO SUCCESS

Dr. Wayne Ward, professor of Christian theology at Southern Baptist Theological Seminary, and the Rev. Harry Pinkel, director of the pastoral year of theology for Carmelite priests, said sermons had a spiritual aspect that made them more than a speech.

"The real key to successful preaching is the preacher's own familiarity through reading and prayer," Father Peinkel said.

Dr. Ward said he used to distribute lists of his sermons and ask church members to check the ones that had been most helpful. "Usually they were how to meet life crises," he said. "Then he often developed these ideas into more sermons."

The four agreed that a good sermon should be short and prepared well in advance.

POLITICAL AD IN LEBANON CO. STIRS RUMPUS

HARRISBURG (AP) — Pennsylvania Democrats are demanding a full-scale investigation into a political advertisement in Lebanon County which says they oppose the recognition of Almighty God in school.

The ad, carried in a weekly shoppers' guide in Palmyra, Sept. 3 was in violation of state election laws because it was not signed by a sponsor, Democratic State Chairman Otis B. Morse declared over the weekend in a statement to the State Justice Department.

Morse also called on the Fair Campaign Practices Committee Inc., of New York, to investigate what he called a "shocking violation" of the committee's code of fair and ethical campaign practices.

The advertisement urged voters to register Republican, claiming "the Republican platform supports voluntary prayer in public schools."

The publisher of the shoppers' guide said the ad was submitted by a well-known customer, who delivered it for a friend whom he declined to identify.

The U.S. Supreme Court ban on compulsory Bible reading and prayer in public schools has become a hot issue in Lebanon County. One case is before federal court now involving the Lebanon - Cornwall Suburban Joint School District, which is seeking permission to make the Bible a part of its curriculum for the fall term.

One of the largest plywood factories in the world is located in Lebanon; the principal customer is the United States.

MAN AND WIFE FATALLY SHOT

READING, Pa. (AP)—Police are investigating the weekend shooting deaths of a Sheridan, Lebanon County, couple.

Mrs. Mary Shaska, 45, a Wernersville State Hospital attendant, was found shot to death in her car Sunday. Her husband, Paul, 54, postmaster of Sheridan since 1933, was also found in the car, wounded. He died later at Reading Hospital.

Sgt. Robert G. Shuck of Reading state police said the pistol apparently used in the slayings was found in Shaska's lap. Shuck said his investigation was incomplete.

The couple was found on a rural road in South Heidelberg Township, less than a half-mile from the Wernersville Hospital. Sheridan is about 20 miles west of Reading.

PA. ACCIDENT TOLL IS 16 FOR THE WEEKEND

By THE ASSOCIATED PRESS
As summery weather fled before cooling winds and rain in some parts of the commonwealth, a dreaded harbinger of fall and winter, death by fire, helped boost the total of persons killed accidentally in Pennsylvania over the weekend.

Two persons died in fires. Traffic, as usual, was the big killer taking 12 lives. There were two other miscellaneous fatal accidents as a total of 16 persons were killed accidentally. The victims:

YOUTH KILLED

Towanda—Edward E. Teeter, 33, of Steubenville, Ohio, killed Saturday night on U.S. 220 near Towanda in a head-on collision.

Dushore — Mrs. Harold Robbins, 69, of Ellenton, Lycoming County, killed in a two-car crash Saturday night near Dushore in Sullivan County.

Renovo—Candace A. Shadle, 29, Renovo, was killed Saturday when her car struck a concrete culvert and utility pole on Route 120.

2 FIREMEN KILLED

Finleyville—John Stark, and Arvin Kegel, 32, both members of the Finleyville Volunteer Fire Department, killed Sunday in the flaming crash of their fire truck on a rural road in Peters Township, near Finleyville, in south western Pennsylvania.

Eight other firemen were injured, five critically. Authorities said the truck, with about 13 men aboard, failed to negotiate a curve, overturned and burst into flames. The firemen were en route to battle a fire which destroyed a warehouse full of rubber tires and plastic toys.

Everett—Roger Mills, of Clearville R.D., killed Saturday night when his car went off a rural road and over an embankment about 14 miles south of Everett. Police said Mills was trying to pick up a lit cigarette which had fallen between his legs when the accident occurred.

Saxton—Leonard Swope, 24, of Saxton, R.D., killed Sunday when the car in which he was riding sideswiped a bridge support along a rural road three miles south of Saxton.

BOY, 10, VICTIM

New Castle — Marvin Comstock, 27, of New Castle R. 6, killed Sunday when his car failed to negotiate a curve, struck several trees and overturned on old Route 422 about two miles east of New Castle.

CARDINAL IS STRICKEN AT ROME MEETING

ROME (AP)—James Francis Cardinal McIntyre of Los Angeles collapsed today during the ceremonial reopening of the St. Peter's Basilica.

Doctors said a combination of fatigue and the heat of the basilica, filled with 2,500 council fathers and several thousand spectators, caused him to lose consciousness.

The cardinal was wheeled on a stretcher to a first aid station, then driven by ambulance to the Blue Sisters Clinic on Rome's Celian Hill. Electrocardiograms taken there showed his heart function was normal, doctors said.

"IN NO DANGER"

The cardinal's secretaries telephoned Los Angeles to inform the archdiocese what had happened and to reassure the chancery office there that the cardinal was in no danger.

Cardinal McIntyre, 78, was standing in the third row of the cardinals' section, the section nearest the altar in St. Peter's Basilica. Just after the consecration of the Mass, he collapsed.

Carlo Cardinal Confalonieri, an Italian member of the Vatican Curia, was nearest him and helped him into his seat.

Cardinal McIntyre, a New Yorker by birth, became a priest in 1921 and was made a bishop in 1939. Pope Paul XII made him a cardinal in February 1958.

His archdiocese, one of the largest in the United States, has 1.5 million Roman Catholics.

COLD SPELL IN MANY AREAS FOLLOWS DORA

By THE ASSOCIATED PRESS
Tropical storm Dora headed farther out to sea today after leaving sections of the Atlantic Coast flooded from torrential rains and winds up to 60 miles an hour.

The Weather Bureau reported Dora was 180 miles east of Norfolk, Va., and was moving away from all land areas.

While Dora appeared to be easing out of the nation's weather picture, unseasonably cold temperatures continued to chill most of the eastern half of the country.

Before she moved into the Atlantic, Dora lashed the North Carolina and Virginia coasts with high winds and torrential rains. One new death was attributed to the storm, bringing to seven the toll since Dora first struck the mainland in Florida last week as a hurricane.

WINDS SLACKEN

As the storm moved out to sea, winds along the Middle Atlantic coast slowly diminished and were down to 35 miles an hour early today. Rains also
